Employment

Testing Coordinator // [University Testing Center, College of Sciences, ODU](#)

Successfully administered a wide range of standardized tests and assessments, ensuring strict adherence to security protocols and testing regulations. Scheduled and coordinated testing sessions, accommodating the needs of diverse student populations while minimizing scheduling conflicts. Worked closely with students requiring testing accommodations, effectively implementing and monitoring accommodations to ensure a fair testing environment.

Seller Support Associate // [Amazon, Hyderabad](#) -- Jan 2022 - Feb 2023

Managed high-stress situations in a fast-paced 'customer service' environment. Gained valuable experience and communications skills in the Seller Support Associate position. Strict attention was given to details. Managed client information and requests in a database using Microsoft Word and Excel.

Projects

Tourism Website

The technologies used to build this website are HTML, CSS, Bootstrap, JavaScript, and Flexbox. Implemented a fully responsive layout using Bootstrap and Flexbox, guaranteeing seamless usability on a wide range of devices, from desktops to mobile phones. Designed an intuitive and aesthetically pleasing user interface, making it effortless for visitors to explore travel destinations, access comprehensive information, and plan their trips.
